

User Acceptance Testing (UAT) Template

Date	15 June 2026
Prepared By	Sowmya Kella
Project Name	ShopEZ: E-Commerce Application

Project Overview:

Project Name: ShopEZ: E-Commerce Application

Project Description: ShopEZ is a full stack MERN e-commerce web application that allows customers to browse products, manage their cart and place orders online while admins can manage products, orders, banners and users through a dedicated admin panel.

Project Version: 1.0.0

Testing Period: 7th June 2026- 15th June 2026

Testing Scope:

- User Registration and Login
- User Profile Management
- Product Browsing and Search
- Product Filtering by Category
- Add to Cart and Cart Management
- Place Order and Checkout
- Order History and Tracking
- Admin Product Management
- Admin Order Management
- Admin Banner Management
- Admin User Management
- JWT Authentication and Authorization
- Protected Route Access Control

Testing Environment:

URL/Location:

ShopEZ is a locally hosted web application.

Frontend runs on <http://localhost:5173>

Backend REST API runs on <http://localhost:5000>

Database is hosted on MongoDB Atlas Cloud

Credentials (if required):

Normal User:

Username: sowmya@gmail.com

Password: 123456

Admin User:

Username: admin@shopez.com

Password: admin123

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User Registration	1. Go to Register page 2. Enter name, email, password, phone 3. Click Register	User registered successfully and token received	User registered successfully	Pass
TC-002	User Login	1. Go to Login page 2. Enter email and password 3. Login	User logged in successfully and token received	User logged in successfully	Pass
TC-003	Invalid Login	1. Go to Login page 2. Enter wrong email or password 3. Click Login	Error message: Invalid email or password	Error message displayed	Pass
TC-004	View All Products	1. Go to Products page 2. View product list	All products displayed with name, price and image	Products displayed correctly	Pass
TC-005	Search Products	1. Go to Products page 2. Type keyword in	Products matching	Matching products displayed	Pass

		search bar 3. Click Search	keyword displayed
